At Daffodils Preschool, we provide our children with an environment to interact, be involved & be inspired to develop their own **Multiple Intelligences**.

Our programmes adopt a specially designed and proven curriculum to develop the multiple intelligences.

We start with the right beginning along the path of Gardner's Multiple Intelligence Theory. **Your child is born with surprising possibilities.**

Daffodils Preschool provides a complete curriculum area devoted to enhancing the child's ability to process and refine information gained via the 5 senses.

The **Accelerated Learning Program** consists of Building Literacy, Numeracy, Cultural Science, Creative Arts, Social & Emotional Development, Health & Physical Development and Various Approaches to Learning combined with leading edge curriculum and methodology like Multiple Intelligences & Play Way method.

Sensorial Materials

The sensorial materials serve the primary purpose of developing and refining the different senses. The materials are designed to help students experience, notice, and categorize the incoming sensory information all around them. Students use these materials to build their understanding of various sensory concepts,.

Leading Edge Curriculum & Methodologies

- Curriculum integrating scientific researched approaches to Early Childhood Education
- Use of arts as a symbolic language for learning and imagination

SPECIALISED EARLY YEAR'S PROGRAM

@ DAFFODILS PRESCHOOL

Daffodils The Pre-school, that has been imparting education to tiny brilliant minds since the year 1993, respects individual needs and provides equal opportunities to all children to meet the learning needs of every child in their early years. With a blend of Montessori Education and interactive teaching techniques, the pre-school has a well designed curriculum to suit the changing needs of children in their early years. Every child receives nothing but the best in terms of education, overall development and care.

Daffodils The Pre-school provides learning opportunities in all domains and engages the young minds in appropriate playful learning activities. The Pre-school curriculum emphasizes on a blend of formal and informal interaction between teacher and student that enables the child to experience both familiarity and the challenges of everyday learning routines. Activities are designed in such a way that the basic concepts are clear in the young minds, those concepts that are needed to lay a strong foundation for the future years.

The team of educators at DAFFODILS comprises of experienced, well trained teachers who groom children with motherly care. We ensure that every child receives individual attention and we groom them to develop and stimulate intellectual curiosity as they grow.

Role of our educators :

The role of the teacher at Daffodils preschool is that of a facilitator, who facilitates learning & skill development of a child. All our teachers have a consistent, predictable and nurturing relationship with children and parents. The teachers are also warm and caring, they understand that each child is unique and make special efforts to cater to the needs of every child. Our staff undergoes regular in-service training and is kept up-to-date with the latest trends in teaching and early childhood development.

Teachers provide a warm, caring, joyful environment that encourages preschoolers' natural curiosity, and instills confidence in their innate abilities.

The open, caring, family-oriented atmosphere at Daffodils Pre School helps preschoolers feel safe physically and emotionally – and nurtures the whole child, both mind and heart.
